Business model aur channel.

Yeh sab hypotheses hain, saabit nahi.

Hypothesis 1: model.
Dukaan ke liye muft shuruaat; reminders aur backup jaise extras ke liye chhota monthly plan. Kya dukaandaar dega? Pata nahi.

Hypothesis 2: channel.
Dukaandaar se dukaandaar, aur local wholesalers ya dukaan associations. Abhi kisi se baat nahi hui.

Pehle sawaal ka jawab aana baaki hai: kya yeh itna kaam ka hai ki koi iske liye paise de?

Dukaan Dost

Aage kya karenge.

Das dukaanon ka test.
Asli dukaandaar, unki sahmati se, asli awaaz. Tab live accuracy naapenge.

Pricing test.
Dekhenge ki log kitna dene ko tayyar hain, ya bilkul nahi.

WhatsApp API.
Aaj reminder sirf draft hai. API baad mein, owner ki manzoori ke saath.
